

SUSTAINABILITY REPORT: SDG 17

2025

BAKU EURASIAN UNIVERSITY

The United Nations' 17 Sustainable Development Goals (SDGs) are at the heart of the 2030 Agenda for Sustainable Development adopted by all United Nations Member States in 2015. They are the blueprint for all developed and developing countries to tackle the global challenges, starting from ending poverty and eliminating all deprivations, providing equal access to resources by all, spurring economic growth fighting climate change and preserving the land and the sea. Universities have a unique role in creating and disseminating knowledge, yet as one of the leading universities in Azerbaijan, BAAU extends its mission to cover community service as well as education and research. BAAU aims to fulfill all SDGs through research, teaching and outreach activities, sustainable campus operations and collaborations with the stakeholders. BAAU introduced its sustainability website (<https://sdg.baau.edu.az/en>) in August 2024 along with the University's first Sustainability Reports. Baku Eurasian University in Azerbaijan is setting the example by putting sustainability at the core of the institution. In fact, by viewing its responsibility toward these global goals, BAAU understands its role in achieving SDGs, including education, research, community engagement, and operational practices.

Baku Eurasian University is ranked in the **1001 – 1500** category for **SDG 17 (Partnerships for the goals)** in the 2025 edition of the Times Higher Education Impact Rankings.

Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development

<https://sdgs.un.org/goals/goal17>

BAAU plays an active and leading role in formulating and implementing policies and strategies related to the Sustainable Development Goals (SDGs). The university collaborates closely with governmental bodies and regional NGOs to identify major challenges and develop effective solutions to address them, demonstrating its strong commitment to advancing sustainable development at both national and regional levels.

Baku Eurasian University actively initiates and participates in cross-sectoral dialogues related to the SDGs. The university regularly organizes and joins conferences, seminars, and training sessions that bring together representatives from governmental bodies, NGOs, and academia to exchange knowledge and discuss collaborative approaches to sustainable development. Notably, during the SDG Week held from April 29 to May 5, BAAU hosted a series of events promoting dialogue and partnerships focused on advancing the SDG agenda in Azerbaijan.

<https://sdg.baau.edu.az/en/article/cross-sectoral-dialogue-about-sdgs-744>

Baku Eurasian University (BAAU) participates in international collaboration on collecting and analyzing data related to the Sustainable Development Goals (SDGs). The university cooperates with partner institutions and international organizations to share best practices, exchange data, and contribute to evidence-based monitoring of SDG progress. These collaborations support BAAU's commitment to enhancing data-driven decision-making, transparency, and alignment with global sustainability indicators.

BAAU actively engages in international collaboration and research aimed at reviewing comparative approaches and developing best practices for achieving the Sustainable Development Goals (SDGs). Through its partnerships with foreign universities and research institutions, BAAU exchanges expertise, conducts joint studies, and participates in international projects that promote innovative and effective strategies for sustainable development. These initiatives enable the university to align its academic and institutional activities with global SDG standards and practices.

Baku Eurasian University collaborates actively with non-governmental organizations (NGOs) to advance the implementation of the Sustainable Development Goals (SDGs). The university works jointly with both local and international NGOs to tackle the SDGs through student volunteering programs, research programs and development of educational resources.

BAAU is strongly committed to providing meaningful education on the Sustainable Development Goals (SDGs) across all its programs and faculties. The university integrates SDG-related topics into its curriculum, extracurricular activities, and workshops to ensure that all students gain knowledge and practical skills relevant to sustainable development. This approach equips students with the awareness and competencies needed to apply SDG principles in their academic, professional, and community endeavors.

https://baau.edu.az/uploads/files/sdg_baaU_edu_az/menu/Subjects%20related%20to%20sustainability.pdf

BAAU has dedicated courses (full degrees, or electives) that address sustainability and the SDGs.

https://baau.edu.az/uploads/files/sdg_baau_edu_az/menu/Dedicated%20course%20addressing%20SDGs.pdf

BAAU organizes dedicated outreach educational activities for the wider community. These initiatives encompass workshops, seminars, training programs, and cultural events designed to promote awareness and understanding of the Sustainable Development Goals (SDGs). Through such activities, BAAU extends its educational mission beyond the campus, fostering inclusive learning, community engagement, and social responsibility in line with global sustainable development priorities.

Baku Eurasian University (BAAU) measures the sustainability literacy of its students through structured surveys and assessments. These tools evaluate students' knowledge, attitudes, and behaviors related to the Sustainable Development Goals (SDGs) and sustainable practices. The results help the university monitor progress, identify gaps, and improve educational programs, ensuring that students acquire the necessary awareness and competencies to contribute effectively to sustainability initiatives.
